

Storm Debris Removal

Operations Status – November 17, 2017

Total Cubic Yards Collected: Over 60,000*

*The amount of storm debris collected in two months is nearly equal to the amount of yard waste Public Works crews would collect over 2 years.

Residential storm debris collection finished on Friday, November 17, 2017.

Regular yard waste rules are reinstated. Some reminders:

- Place material in a container or bundle into 4-foot lengths or less
- Bundles must weigh 50 pounds or less
- Do not comingle with household garbage or recycling
